Key challenges in finding relevant datasets

TOO MANY CATALOGS

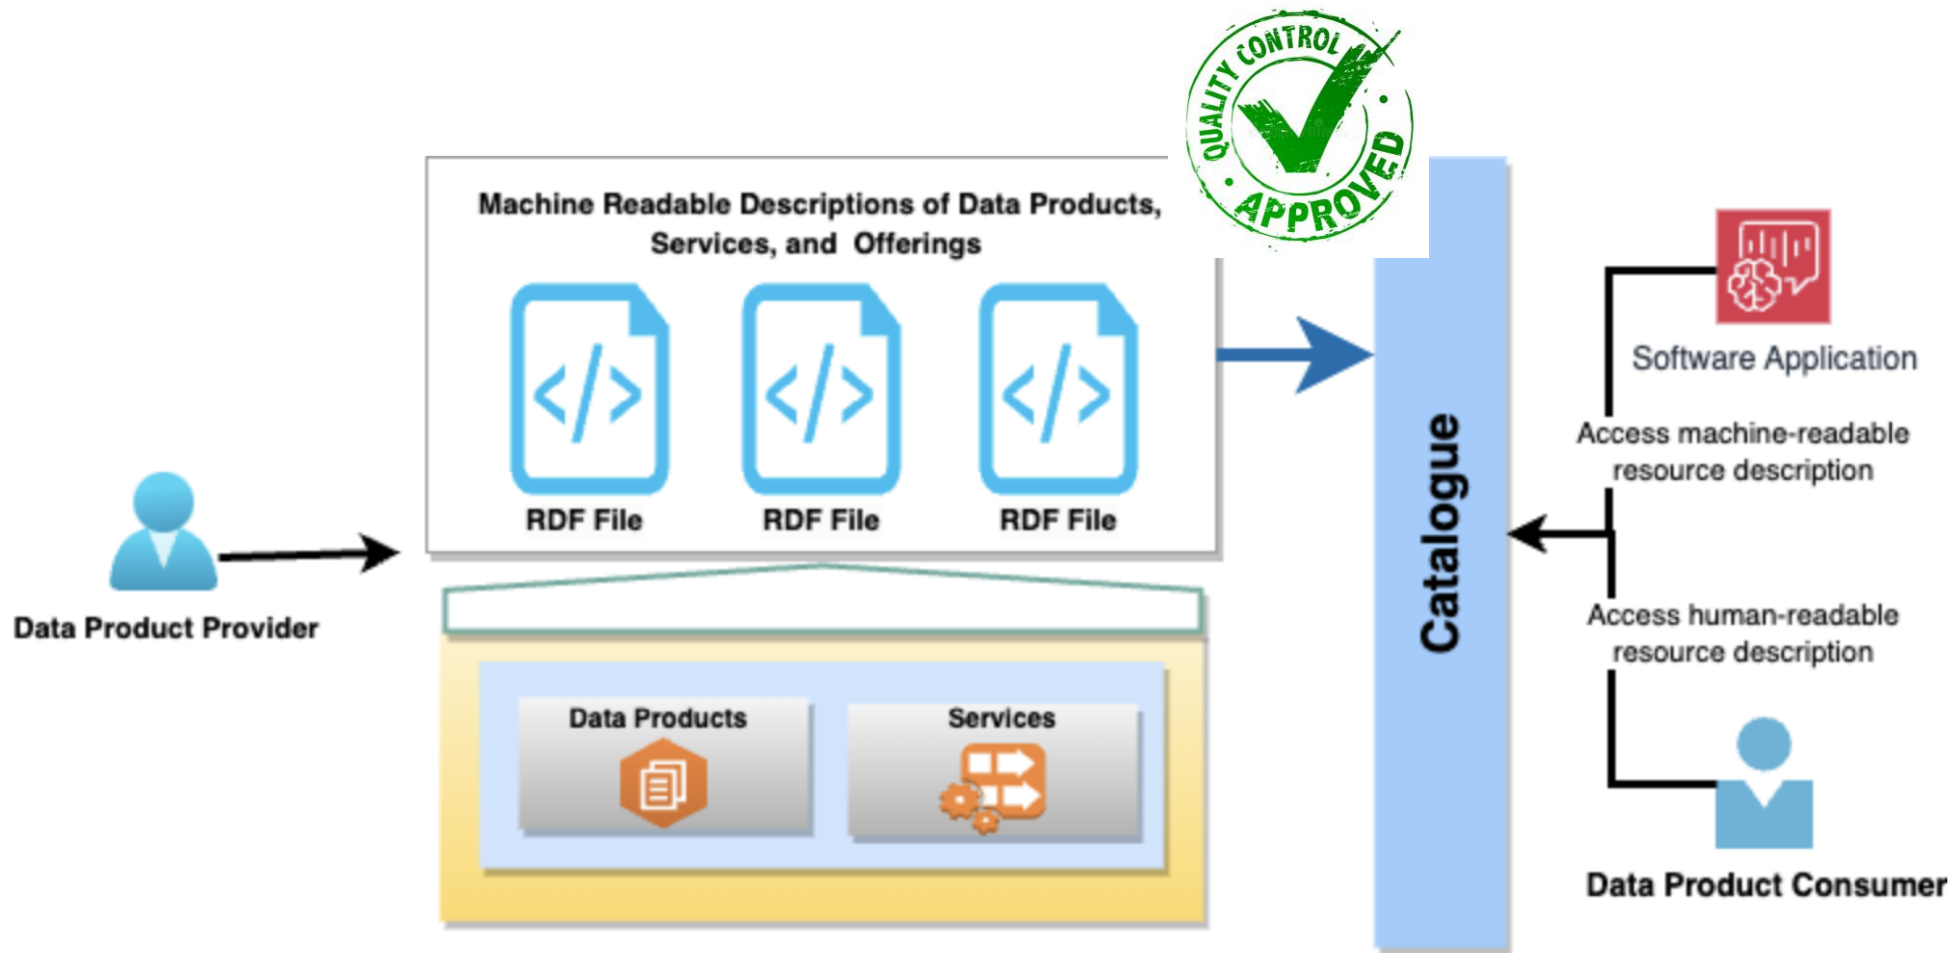

The illustration shows five folder icons arranged in two rows. Each folder icon has a circular question mark overlaid on its top right corner, symbolizing uncertainty or a lack of information about the catalogs.

MOST CATALOGS CAN ONLY BE QUERIED BY

Keywords 

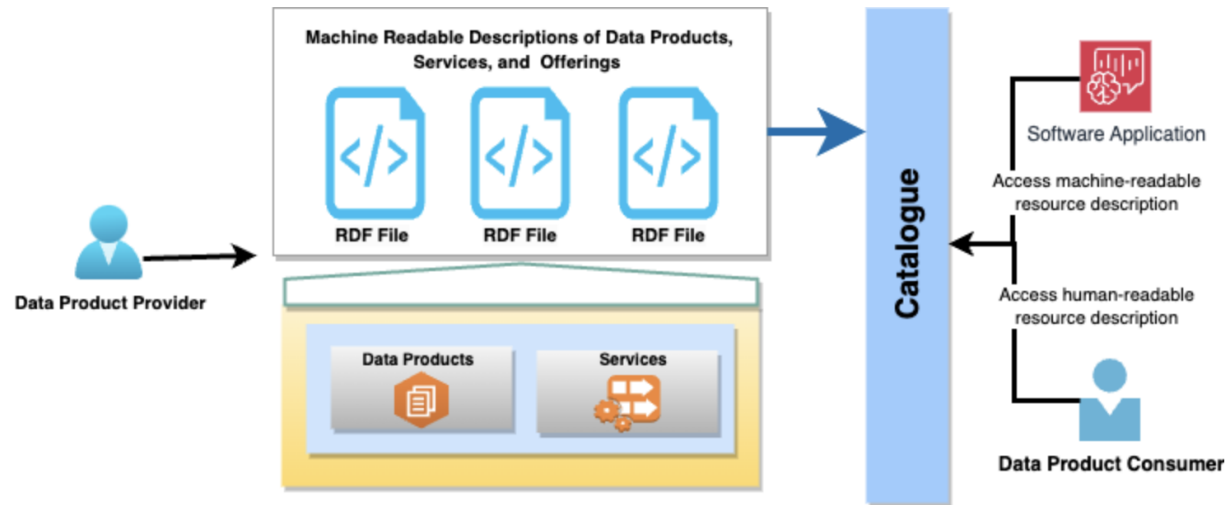

The illustration shows a search bar with the text "Keywords" and a magnifying glass icon. Below the search bar are four folder icons, representing the limited search capabilities of most catalogs.

Just add some semantics into the catalogue
